BEAUTY TO MATCH YOUR STYLE.
PERFORMANCE TO EXCEED YOUR EXPECTATIONS.

A part of the Andersen® Architectural Collection, A-Series Frenchwood® patio doors were designed in conjunction with leading architects to ensure each is authentic to the style of your home. Whether it’s a stately Queen Anne, a bold Modernist design or anything in between, you can achieve it with A-Series doors. And you can do so knowing you’re choosing the best-performing, most energy-efficient doors Andersen has ever offered.

BEAUTY IS IN THE DETAILS.

- Choose from 11 exterior colors.
- Add complementary exterior trim.
- Choose from unfinished or prefinished natural wood interiors.
- Select beautiful hardware, grilles, between-the-glass art glass and much more.
- Custom sizing makes it easy to replace any existing patio door.

COMFORT IS KNOWING IT WILL LAST.*

Virtually Maintenance-Free, Easy to Operate
Andersen® A-Series Frenchwood® patio doors and trim never need painting. They have a beautiful finish that won't flake, rot, blister, peel, pit or corrode.* And features like rugged hinges, ball-bearing rollers and smooth-operating hardware make A-Series Frenchwood® patio doors easy to live with.

Peace of Mind
A-Series Frenchwood® patio doors stand up to eight inches of rain per hour and hurricane wind speeds.* They perform flawlessly after thousands of open-close tests, and endure exposure to the cold of Alaska winters and the heat of Death Valley summers.* Plus, A-Series Frenchwood® patio doors are available with Stormwatch® protection for coastal areas.

**Tested to AAMA/WDMA/CSA 101/1.S.2/A440-08 PG 70.
Lower Heating and Cooling Costs

Many A-Series Frenchwood® patio doors meet ENERGY STAR® version 5.0 criteria in all 50 states and can help save you money on heating and air conditioning every year.**

High-Performance Low-E4® glass provides remarkable energy efficiency and filters harmful rays that can fade fabrics and damage furniture.

Owner-2-Owner® Limited Warranty

Most other patio door warranties end when a home is sold, but our coverage — 20 years on glass and 10 years on non-glass parts* — transfers from each homeowner to the next. And, because it’s not prorated, the coverage offers full benefits, year after year, owner after owner. For more details, visit andersenwindows.com/warranty.

*Limited warranty coverage of A-Series Frenchwood® patio doors with Stormwatch® protection is 10 years on glass and 10 years on non-glass parts.

**Please visit andersenwindows.com to verify that the product and glass type qualifies for ENERGY STAR in your area.
THREE PATIO DOORS WITH ENDLESS STYLE OPTIONS.

Choose from three popular patio doors and many configurations, options and accessories that are only available with Andersen® A-Series Frenchwood® patio doors. A-Series Frenchwood patio doors not only give you a wider array of choices, they give you the ability to easily match an existing architectural style, or to create a style of your own.

**Gliding**
Gliding patio door in Red Rock color with 3 1/2” flat, 3 3/8” cornice trim in Prairie Grass color and Short Fractional grille pattern with Gray sill.

**Hinged Inswing**
Hinged inswing patio door in Canvas color with brick mould trim in Terratone® color and Colonial grille pattern with Gray sill.

**Hinged Outswing**
Hinged outswing patio door in Cocoa Bean color with 3 1/2” flat trim and Diamond grille pattern with Dark Bronze sill.

**Gliding** patio doors have two or more panels, with at least one panel that glides smoothly past another door panel, allowing for maximum space inside and out.

**Inswing** patio doors have at least one functioning panel that opens inward, saving room on balconies, small decks and patios.

**Outswing** patio doors have at least one functioning panel that opens outward, allowing for more usable space on the inside of your room.

**TRANSOMS AND SIDELIGHTS**
Expand the beauty of your patio door and let more light into your home by putting a transom above or a sidelight beside your door. A-Series Frenchwood patio doors offer many options, including a new venting transom that allows fresh air into your home, even when keeping the patio door open isn’t an option.

Best-in-Class Glass

High-Performance Low-E4® SmartSun™ Glass
It gives you the benefits of Low-E4® glass, plus it helps shield your home from the sun’s heat and filters out 95% of harmful UV rays while letting sunlight shine through.

High-Performance Low-E4® Glass
It’s 64% more energy efficient in summer as compared to ordinary dual-pane glass.

High-Performance Low-E4® Sun Glass
It’s tinted for maximum protection from the effects of intense sunlight while providing all the benefits of Low-E4® glass.

Additional glass options including tinted, laminated, tempered and clear dual-pane are available.

"See your local code official for specific code requirements.

A-Series Frenchwood® patio doors are available with impact-resistant glass and structural upgrades to meet tough building codes of hurricane-prone areas."
BETWEEN-THE-GLASS ART GLASS

Andersen® A-Series Frenchwood® patio doors offer between-the-glass art glass, which places the decorative panel between the insulated glass panels on patio doors, sidelights and transoms. This provides superior protection for the art glass and makes it easy to keep clean. Choose from three design collections and customize them with colors to match your home.
